

i10

# Go ahead. Make a big statement.

In life, it's the small things that make a big difference. Like the Hyundai i10. With its refreshed expressive design and stellar selection of cutting-edge smart tech – it's a clever companion that gives you the style and flexibility you need to live life by your rules.

## Bolder and more beautiful.

With a dynamic update of its expressive design, this bold city car is giving new meaning to the old saying: good things come in small packages. Now featuring a sportier stance, the i10 gives off a bolder feeling thanks to its low roof and long wheelbase. In the front, the LED Day Running Lights have now been integrated into the sporty wide front grille, which features a new honeycomb mesh design for a powerfully modern statement.

# You're in for a big surprise.

All flowing lines and muscular contrasts, the i10's dynamic new look catches the eye in an instant. Inspired by the shape of human muscles clothed in athletic sportswear, the clean, smoothly muscled main body has been shaped to provide maximum inner space. The redesigned LED signature gives the i10 a distinctive new look for more dynamics and better visibility. The rear LED combination lights now also feature a dynamic 'H' on the horizontal tailgate line.

## Perfect for small spaces and big moments.

City streets can get a bit crowded sometimes. So when it comes to navigating narrow intersections and squeezing into tight parking spaces, you'll love this clever city car's refreshing manoeuvrability. Measuring just 3.67 metres long and 1.68 metres wide, the i10 combines a compact exterior with a roomy interior. So, no matter if you're parallel parking in traffic or packing loads of luggage for a weekend get-away, the i10 gives you plenty of cargo space and flexibility to live your life in a big way.

# Precision roominess and cutting-edge smart tech.

Inside the stylish cabin, new patterns, fresh textures and the latest multi-media technology welcome you with a clean and modern look. Sleek and futuristic, the new digital 4.2" LCD cluster give you easy-to-read access to a wide range of car systems and driver information together with the 8" centre touch-screen.\* An eye-catching 3D honeycomb pattern is featured on the dashboard and door panels for a sporty edge throughout the cockpit. And the circular air-vents visually extend the dashboard into the door trim for a wider, more spacious feeling.

\*8" centre touch-screen available in the Deluxe Plus model upwards.

The images shown are for illustrative purposes only. Please contact your local Hyundai dealer for more information.

# Clever connectivity and convenience.

## Versatile load space.

One of the biggest in the segment, the 252-litre boot is also very adaptable. The two-stage luggage board maximises space in the lower position, the upper position creates a level loading area for long items. And the one-hand folding split rear seats drop down quickly for 1050 litres of cargo space.

## Wireless charging\* and USB-C.

The wireless charging tray conveniently located in the centre console lets you easily charge a compatible Qi-enabled smartphone without the use of cables. And for fast charging and universal compatibility, there's a USB-C port in the front and the rear. The front has a USB-A port for data as well.

\*Available in the Deluxe Plus model upwards.

**Digital cluster and 8" touch screen with rear view camera. \***

The i10 offers you one of the most comprehensive connectivity offerings in its class with a new digital 4.2" cluster as well as Apple CarPlay™ and Android Auto™ to mirror your smartphone on the 8" centre touch-screen. It also makes reversing easier. The rear view camera system utilises the centre touch-screen to give you an unobstructed look behind your i10 while in reverse gear.

Apple CarPlay™ is a registered trademark of Apple Inc. Android Auto™ is a registered trademark of Google Inc. This feature is available in the Deluxe Plus model upwards.  
\*Available in the Deluxe Plus model upwards.

# Efficiency never looked this good.

Depending on your preference, you can choose from two multi-point fuel injection petrol engines: a 1.0-litre 3-cylinder with 67 PS and 96 Nm torque, as well as a 1.2-litre 4-cylinder with 84 PS and 117.6 Nm torque. Both engines are available with two transmission choices: the five-gear automated manual transmission (AMT) does the shifting for you, delivering the easy and relaxed driving of an automatic transmission but with higher efficiency. \* The smooth-shifting 5-speed manual transmission is designed for fast, precise gearshifts.

\*Available in the Deluxe Plus Auto only.  
1.0-litre engine is available in Classic and Deluxe Plus model. 1.2-litre is available in N Line model.

# Hyundai SmartSense

With Hyundai SmartSense, our cutting-edge Advanced Driver Assistance Systems, the i10 offers one of the most comprehensive active safety technology packages in its class – built to provide you with more safety and peace of mind. A multi-function camera in combination with multiple sensors, provides the 6 different functions highlighted here.

## Lane Keeping Assist (LKA)

Lane Keeping Assist uses the front multi-function camera to monitor the lines of the road. In case of an unintended lane departure, it warns you and can apply steering control to guide the car back to the lane.

## Forward Collision-Avoidance Assist (FCA)

Sensing the road ahead with the multi-function camera, FCA warns you and then automatically brakes when it detects sudden braking by a car ahead. Includes pedestrian and cyclist detection.

## High Beam Assist (HBA)

Less stress and maximum visibility. HBA not only detects oncoming vehicles but also vehicles in the same lane ahead and switches to low-beam as appropriate.

## Leading Vehicle Departure Alert (LVDA)

This clever feature for city driving alerts the driver when the vehicle in front departs from an idle state, like at a stoplight or in a traffic jam.

## Driver Attention Warning (DAW)

When a pattern of fatigue or distraction is identified, the system gets your attention with an alert and pop-up message suggesting a break.

## Intelligent Speed Limit Assist (ISLA)

Recognizes road speed signs and displays the speed limit in real time in both the navigation system display and instrument cluster. When Smart Cruise Control is on, ISLA offers the possibility to easily adapt your speed to the speed limit.

i10 N Line

## **N Line – A strong statement of sporty design.**

Take it to the next level with eye-catching design elements inspired by the high-performance N series. Next to a range of exclusive design features, the i10 N Line also offers a sportier driving experience with the option of a powerful 100 PS engine. The diagonal LED Daytime Running Lights (DRL) and redesigned multi-face reflector LED headlamps make a strong sporty impression both day and night.

# Dynamic and Assertive. From every angle.

One look is all it takes to see the motorsport roots of the i10 N Line. Its exterior design enhancements include an exclusive N grille and bumpers, giving it a dynamic look reminiscent of the high-performance N models. The updated rear LED combination lights feature a redesigned light signature for an even more dynamic look and better visibility – and together with the exclusive new 16-inch alloy wheels – emphasise this city car's sporty edge.

## Get into a whole new level of sportiness.

Sit down in the i10 N Line's upgraded cockpit and you'll feel its motor sport roots instantly. The exclusive N Line steering wheel and gearshift are enhanced by the red air vent rings set in a black finish dashboard. The sporty seats have been redesigned with new triple red line fabric with a dynamic new pattern and red contrast stitching.

# Personalise your perfect version.

With 6 exterior colours you can personalise your own distinctive look with a wide range of dynamic colour combinations.
